## INFORMATION TECHNOLOGY SOLUTIONS THAT WORK FOR YOUR BUSINESS

Clous Story is a startup providing technology consulting services focussed on Cloud Application Development, Project Management and Customer Relationship Management Domain. The founder of the company has over 15 years of experience working in IT and well versed in working on multi-million dollar budgeted projects. Currently, all the services will be provided by the founder who is the only employee of the company and we may expand if we get more opportunities for work.

The currently projected turnover for the year 2021 is around USD 120,000. We already have a global client who has signed up to use our services. We are not just trying to establish a stong foot hold in UAE but across the Europe where the company founder has strong business relationships.
